

MERKUR®

High Performance Fine Finish Packages

PROVEN QUALITY. LEADING TECHNOLOGY.

ADVANCED TECHNOLOGY. SUPERIOR PERFORMANCE.

Merkur® spray packages are designed to outperform and outlast other pumps in their class. With a variety of models and configurations to choose from, you get the precise pressure and output you need for your most common finishing applications.

AIR MOTOR

- Low air consumption for increased efficiency
- Muffler provides low operating noise levels
- External valve access allows for easy servicing and online replacement to minimise downtime

OPERATOR CONTROL PANEL

- Air controls are located at operator height for easy setting and monitoring

THROAT SEAL AND ROD ENCLOSURE

- Protects pumped material and wet cup from contamination but can be easily removed to monitor and service

DATATRAK™

Monitor and protect your pump with our patented DataTrak which integrates local monitoring systems!

- Easy to set runaway protection, where you set the cycle rate limit
- Pump diagnostics help advise when to maintain the pump
- The resettable batch counter tracks material usage and the maintenance schedule

LONG-LASTING DURABILITY

PUMP LOWER

- Easy-to-flush design allows for fast colour changes and reduced solvent usage
- The 300 series stainless steel pump construction provides long-lasting durability
- Designed for improved serviceability with fewer parts and lower cost of ownership

AIR VALVE

Provides a smooth and rapid changeover

QUICK REMOVAL COUPLER

Allows for easy disassembly of the pump lower from the air motor

PISTON AND DISPLACEMENT ROD

Ultralife ceramic coating allows protection for long life, even with abrasive materials

THROAT SEAL LIQUID (TSL) LEVEL INDICATOR

Extended wet cup for external filling and monitoring of TSL™ levels

THROAT AND PISTON PACKINGS

Self-adjusting and spring-loaded so no adjustments are needed to maintain long packing life

360° INLET FITTING

Makes it easy to access the pail from almost any location

LESS PULSATION FOR BETTER RESULTS

Merkur is designed to provide a smooth, rapid changeover for a better, more consistent finish and less user fatigue.

MAKE THE RIGHT CHOICE

FOR YOUR APPLICATION

THE RIGHT FLOWS AT THE RIGHT PRESSURES TO FIT ALL OF YOUR SPRAYING NEEDS

With 13 different pump models to choose from, Merkur fine finish spray packages are designed to improve productivity, reduce costs, lower emissions and provide consistent, high quality finishes for all of your demanding applications.

Combine a Merkur pump with a variety of guns and accessories, and you'll be on your way to selecting the package that's right for you!

OUR BRAND PROMISE TO YOU

Since 1926, **innovation**, **quality** and **A+ Service** have been at the centre of Graco.

Experience Innovation

Our focus on innovation results in products and equipment that lead the industry with technologically-advanced features, pioneering design, high performance and unparalleled reliability. In short, innovation is how you get better products!

Building Quality

You're investing in high-quality products built to last for years of reliable service. Moreover, we partner with our customers to better understand how you're deploying our products in the field, then use your experiences to improve performance and durability.

Best-in-class service, every time

You'll experience top-tier service when you contact any of our support services options no matter where you are in the world. We'll listen to your situation and work methodically to resolve it as quickly as we can. We are guided by a mindset of integrity and a customer service view centred on collaboration and relationships, not transactions.

We're here to answer questions and help address your needs:
